"The Technology Demonstration Initiative — Piloting Best-in-Class Technologies"

Created in collaboration with the Los Angeles Cleantech Incubator (LACI) and the US Department of Energy (DOE), the Technology Demonstration Initiative (TDI) is an innovative public-private partnership offering property owners the opportunity to pilot [best-in-class technologies](#) that have been vetted by the DOE and successfully [tested in Federal buildings](#) while receiving special incentives to scale up deployment to additional sites. Join us to learn more about the TDI, and how your company can get involved.

Panelists:

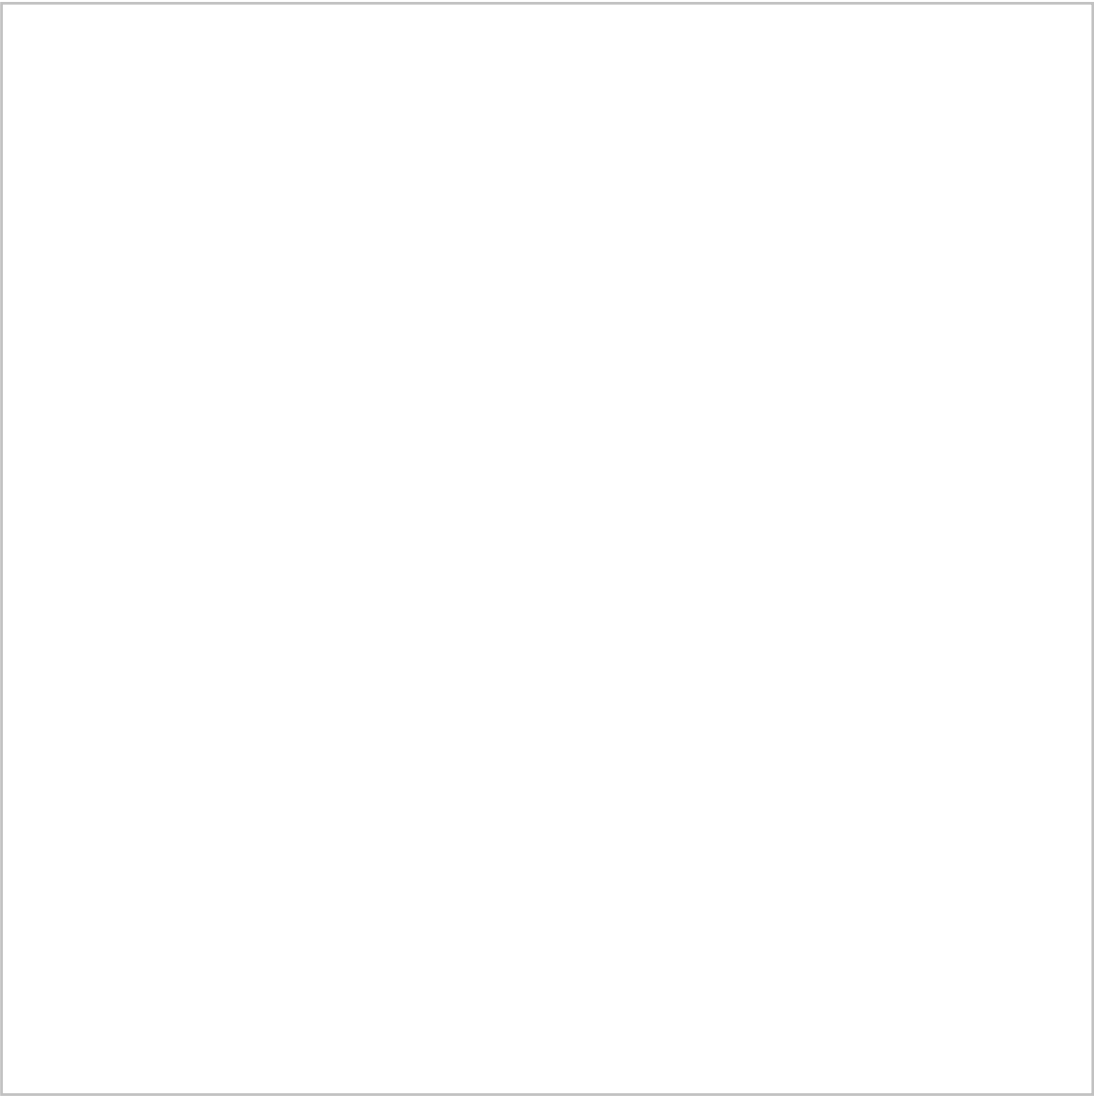

Andrew Mitchell — Office of Energy Efficiency and Renewable Energy, [U.S. Department of Energy](#)

Christine Wu — Sustainable Program Manager, Green Proving Ground Program, [U.S. General Services Administration](#)

Moderator:

David Hodgins — Executive Director, [Los Angeles Better Buildings Challenge](#)
